Dear Sirs,

Re: Commendation Letter

On behalf of Synergis Management Services Ltd, I am with great pleasure to write this recommendation letter for our contractor, OHMS Limited, which had been engaged for the supply of fire service equipment and annual maintenance of the fire service installation for our premises in Hong Kong.

During this period, OHMS has demonstrated their professional and expertise in offering their quality services and providing fire services equipment complied with Fire Services Department's requirements.

We appreciate their timely response in preparing quotations and replying to queries. They managed to complete the works on time and according to the contracts' requirements.

We highly recommend OHMS Limited for their services.

Yours faithfully,

For and on behalf of

Stephen Tang

Property Manager
